Here at the Knoxville Explosion, we believe that community service is an extremely important facet of our player's off-the-field development. Community service projects help our girls understand the true meaning of giving while appreciating what they have in their current lives. We have aided everything from lifting a retired veteran's spirits with song to aiding troubled/disadvantaged youth with the love of Christmas. We are very proud of our community service and it is our hope that more Knoxville sports teams and organizations help out their local communities with the resources they have at their disposal.

Our Community Service Projects:

- Ben Atchley Veteran's Home Christmas
- Locks of Love
- Smoky Mountain Children's Home Christmas Giving Party
- Coats for the Cold
- East Tennessee Kidney Foundation Softball Tournament Sponsor/Labor
- Loving the Unlovable Ministry Food Service and Ministry
