We would like to welcome our 13th team to the organization, the 12u Gulf Coast Explosion in Milton Florida! This is our sister organization that launched in August 2016. We will be holding joint camps in the coming year as well as hopefully hosting some of these players in our Knoxville Homes for future tournaments! This is something new that we are trying to give players that live on the coast an opportunity to play and see our beautiful Appalachian Mountains while players in Tennessee would have the opportunity to play at the beach! We are honored and blessed to have the Gulf Coast Explosion as part of the family! Welcome home girls!
